

Product Name : Experimentation of OP-AMP Characteristics for Electronics Teaching Labs	Product Code : BEL-TR-51
--	------------------------------------

Description : Experimentation of OP-AMP Characteristics - Experimentation of OP-AMP Characteristics - With Op-Amp Characteristics Trainer student can study the basic functions and characteristics of operational amplifier. Op-Amp Characteristics Trainer has been divided into different independent blocks for the ease of user to understand the various operations of operational amplifier. A function generator, generating sine wave, square wave and triangular wave, and two variable DC supplies are provided on board.
