

Product Name :
AC/DC Load Electrical Lab

Product Code :
ADM-028-NE

Description :

for Electric Motors Teaching Labs AC/DC Load is an important device in all the Electrical laboratories. One can connect a load upto 1.2KW using this product. The device comes with On Board Switches, so that one can vary the load as required, in steps of 100W. The product is designed so as to provide load for various experiments of Transformer, Motors, Generators etc.

Exclusive and rugged designed panel

Stand alone operation

Designed by considering all the safety precautions

High quality meters

Provided with a extensive e-manual

2 Year warranty

Technical Specifications

Mains Supply : AC / DC, 230V $\pm 10\%$

Load Range : 0 - 1.2 kW, in steps of 100W

Load Type : Resistive (Lamp Load)

Ammeter (MI) : 10A
