

Product Name :
Alternator and Generator Test Bench Trainer for engineering schools

Product Code :
AUTO-EN060

Description :

Alternator and Generator Test Bench Trainer, technical teaching equipment for engineering

These 12 Volt Alternators are available for a variety of uses in the classroom and workshop. The operable starters are fully functional and can be provided new or reconditioned and if desired they can be mounted on wooden bases. The units can be used for demonstration purposes, exhibits, as replacement parts for engines or for use with the Labtech alternator/generator test bench.
