

Product Name :
Automotive Air Conditioning System (on stand with wheels)

Product Code :
TechnicalLab0453

Description :

Automotive Air Conditioning System (on stand with wheels)

This trainer is an automotive air conditioning unit mounted on sturdy auto chassis with wheels. It allows you to:

- Apply this ideal trainer as a teaching tool for proper operation, maintenance, repair, and troubleshooting of auto air conditioning systems.
- Easily move and store this trainer because of its compact and inclusive design.
- Operate electrically with its 110V mono-phase 1.5 Kw motor with no need for a 12V battery.

SPECIFICATIONS:

- Maximum power: 2 kw
- Cooling liquid 400gt Freon R134a
- Piston compressor
- Condenser
- Dehydrating filter
- Pressure switch

- Expansion valve
- Evaporation unit
- Resistor
- Thermostat
- Troubleshooting device for simulation of 4 faults
- Terminology table
