

Product Name :
Braking System Panel, Double Circuit

Product Code :
TechnicalLab0459

Description :

Braking System Panel, Double Circuit

This trainer represents a double circuit braking system. The trainer is mounted on a panel and allows you to:

- Describe the operating parts of the braking system, which have been carefully sectioned to allow a clear view.
- Manually operate the system with a hydraulic pump connected to the disk brake and the drum brake.
- Avoid rear-wheel lock up during the braking phase with a braking adjuster positioned between the pump and the rear drum brake.
- Effortlessly use and display this model because of its compact and inclusive design.
