Product Name : Braking System Panel, Double Circuit	Product Code : TechnicalLab0459
Description :	
Braking System Panel, Double Circuit	
This trainer represents a double circuit braking system. The trainer is mounted on a panel and allows you to:	
• Describe the operating parts of the braking system, which have been carefully sectioned to allow a clear view.	
• Manually aparata the evetem with a hydraulia nump connected to the disk	broke and the drum broke
Manually operate the system with a hydraulic pump connected to the disk	brake and the drum brake.
Avoid rear-wheel lock up during the braking phase with a braking adjuster	positioned between the pump and
the rear drum brake.	F
Effortlessly use and display this model because of its compact and inclusive design.
