

Product Name :
Cavendish Gravitation for Earth Science Lab Balance

Product Code :
GEOM0025

Description :

Cavendish Gravitation Balance -

This classic instrument is used to measure the value of G (gravitational constant) the same way Sir Henry Cavendish did in 1789. Consists of a pair of small lead balls mounted on a "T" member suspended with a thin wire and a pair of large lead balls. Oil damping is provided for faster results. Requires a laser (not included)
