

Product Name :
Center of Pressure Apparatus

Product Code :
NEGEMG120

Description :

Center of Pressure Apparatus

We are offering our valued clients an impeccable **FM-03 Center Of Pressure Apparatus**.

All our products are manufactured using superior quality plastic in accordance with industry set quality guidelines and norms. The offered product is used to determine the hydrostatic forces acting on a submerged body. Furthermore, all our products goes through the process of quality check to ensure its functionality and flawlessness.

Features:

-

Very efficient

-

Rigid construction

-

Easy to operate

-

Long lasting

Components included:

-

Transparent tank fixed on Bearings

-

Spirit Level

-

Counter Weights

-

Lever for mounting weights

Experimental Capabilities:

- Determination of force due to hydrostatic pressure
- Determination of Center of pressure
