

Product Name :
Clutch demonstration set Trainer for engineering schools

Product Code :
AUTO-EN028

Description :

Clutch demonstration set Trainer, technical teaching equipment for engineering

The Clutch Demonstrating Units are made from full size real original components (clutch pressure plate, clutch disc, clutch activating lever and throw out bearing) and are designed for the demonstration of clutch operational principles. Single plate diaphragm spring clutch unit features an original transmission input shaft to observe rotation of the fly wheel and power transmission input shaft.
