

Product Name :
Continuously Variable Transmission (CVT) Gearbox Cut-Away

Product Code :
TechnicalLab0398

Description :

Continuously Variable Transmission (CVT) Gearbox Cut-Away

This product is a cut-away of a Continuously Variable Transmission Gearbox, that can continuously change through an infinite number of effective gear ratios between maximum and minimum values. There are two V-belt pulleys that are split perpendicular to their axes of rotation, with a V-belt running between them.

This cut-away has been carefully sectioned for training purposes and professionally painted with different colors to better differentiate the various parts. Many parts have been chromium plated and galvanized for a longer life.

SPECIFICATIONS:

- Electromagnetic clutch
- Forward and reverse insertion lever
- Primary pulley
- Secondary pulley
- Roller belt
- Final reduction unit
- Hydraulic command unit
- Mounted on stand with wheels
- Operated manually by hand crank
