

Product Name :
DC Position Control Trainer for Instrumentation Electric Labs

Product Code :
ITT-TR-27

Description :

DC Position Control - compact and user friendly learning platforms to provide a modern, portable, comprehensive and practical way to learn Technology. Each TechBook is provided with detailed Multimedia learning material which covers basic theory, step by step procedure to conduct the experiment and other useful information. a DC Position Control System which helps the users to gain invaluable practical experience on the principles and applications of continuous closed loop PID controller, its feedback systems, DC motor position control with the help of a reference signal as input and PID Controller and their response with the help of square wave.

Position control of DC motor.

Calibrated dials for reference and output position.

Servo Potentiometers with full 360o

Separate unit for motor with two side acrylic body.

Square Wave Generator.

Precise Signal Conditioning.

Sensitive, Linear, Stable and Accurate.

Easy to operate.
