

Product Name :
Diesel Rotary Injection Pump Cut-Away, CAV DPA-DPS

Product Code :
TechnicalLab0489

Description :

Diesel Rotary Injection Pump Cut-Away, CAV DPA-DPS

This product is a cross-sectioned and manually operated rotary diesel injection pump which makes instruction easy and allows you to:

- Describe the operating parts of the injection pump which have been carefully sectioned to allow a clear view.
- Point directly to the transfer pump, speed governor, automatic advance regulator, hydraulic sensor device, fuel circuit, and piston.
- Control the speed of the injection pump through manual operation of the crank handle.
