

Product Name :
Digital UV-VIS Spectrophotometer

Product Code :
NAAY-M20

Description :

Digital UV-VIS Spectrophotometer - It is a single beam, accurate, reliable and versatile instrument for spectrophotometric analysis of any concentration. The %T, Abs. and Concentration measurements are displayed on a 3½ digit LED display. An accurate 190.0 to 1000nm wavelength control, with a resolution of 0.1nm wavelength control, with a resolution of 0.1 nm is obtained by microprocessor controlled stepper motor. The wavelength is displayed on a 4 digit LED display separately. A monochromator using Czerny-Turner mounting technique with 1200 lines/mm grating is used.

FEATURES :

Range 190 to 1000 nm
µP based wavelength selection
4 digit LED display for wavelength
3½ digit LED display of %T, Abs. & Conc.
Highly accurate & stable
4 position sample holder
