Product Name : Distributorless Ignition System Trainerfor engineering schools	Product Code : AUTO-EN050	
Description :		
	engineering	
Description : Distributorless Ignition System Trainer, technical teaching equipment for • Crank sensor pick-up disc operated via a variable speed control.	engineering	
Distributorless Ignition System Trainer, technical teaching equipment for	engineering	
Distributorless Ignition System Trainer, technical teaching equipment for • Crank sensor pick-up disc operated via a variable speed control.		
 Distributorless Ignition System Trainer, technical teaching equipment for Crank sensor pick-up disc operated via a variable speed control. Inlet manifold vacuum simulated by a syringe. With the use of timing light, advance and retard can be observed 	on the graduated scale by the timing	

- Rotating parts covered by mesh guards.
- Turret case mounted on a metal base.
- Powder coated paint finish.

Other Specifications:

- Supply Voltage: 12V DC
- Dimensions (WxLxH): 360 x 380 x 430 mm
- Weight: 11.5 kg
