

Product Name :
Educational Charts for Teaching Equipments Lab

Product Code :
LABS-EDU-00152

Description :

Educational Charts A striking representation of Human Skin in vertical section revealing all its layers and other internal details is shown with a magnificent representation of five types of receptor cells with the nature of sensitivity caused by different stimuli. True to nature and as seen under a microscope, the red blood corpuscles and white blood corpuscles are presented in brilliant colours. One can easily perform the grouping of blood into A, B, AB, and O groups by seeing this informative chart.
