

Product Name :
Equal Mass Set

Product Code :
NELAB-21-A5005

Description :

Equal Mass Set

Technical Specification :

Thus, density is inversely proportional to length.

Help students understand the relationships between mass, volume and density with our Equal Mass Kit.

Mass, volume, and density are concepts you teach over and over again during the school year in many different ways.

Five cylindrical objects, made of different materials with differing lengths, all have exactly the same mass and radius.

Contains five cylinders:-

Brass, Aluminum, Nylon, PVC, and Polyethylene-all 1/2" in diameter and 15 g in mass.
