

Product Name :

Equostat Hardness Tester For Testing Lab for NDT Metal Testers Lab

Product Code :

NANM-M4

**Description :**

Equostat Hardness Tester for NDT Metal Testers - Static Low-Load Measurement based on the Rockwell Principle. Accurate, rapid, and reproduceable results from measurement of penetration depth under defined forces and therefore

- Independence of material (no choice of material curves necessary)
- Independence of body dimensions and geometry
- Measures from one side - no backing necessary

Excellent sensitivity through small penetration of a few μm and therefore particularly suitable for

- Scratch-sensitive and polished surfaces
- Thin parts, profiles and pipes with a wall thickness=2 mm
- Hardness profile in heat-affected zone of welding seams
