

Product Name :
Fertilizer Cut-Away, with Irrigators

Product Code :
TechnicalLab0503

Description :

Fertilizer Cut-Away, with Irrigators

This cut-away model is comprised of a fertilizer and two irrigators of different types placed on suitable delivery pipes. The fertilizer has been fully sectioned for training purposes. Included with the unit are a pressure gauge, gate valve and rubber hoses. These features allow the real working principle of a fertilizer system to be reproduced.
