

Product Name : Float Steam Trap - Heat Transfer Training Systems and Heat Lab Engine Trainers for engineering schools	Product Code : NEMHTM28
--	-----------------------------------

Description :

Float Steam Trap, technical teaching equipment for engineering
- Heat Transfer Training Systems and Heat Lab Engine Trainers

Technical Specification :

We have in our store a wide and remarkable range of Float Steam Trap Model in experimental equipment. The products we offer are manufactured using quality tested raw materials. All our products are scrutinized before supplying under the supervision of expert using latest technologies and tools which we get manufactured from our reliable workbenches.

Features:

- High durability
- High retention power
- Temperature resistant
- Easy installation
- Efficient and durable

Specifications

- Flood resistant to separate water
- Designed for full efficiency
- Very long lasting
