

Product Name :
Gas Engine, 2 Cylinder, FIAT 500

Product Code :
TechnicalLab0276

Description :

Gas Engine, 2 Cylinder, FIAT 500

This product is a cut-away of a 2 cylinder FIAT 500 gas engine. It has been carefully sectioned for training purposes, professionally painted with different colors to better differentiate the various parts, cross-sections, lubricating circuits, fuel system, cooling system, and other key components. Many parts have been chromium plated and galvanized for a longer life. It is operated manually by hand crank, and is mounted on a stand with wheels.

SPECIFICATIONS:

- Air cooled
- Displacement: 500cc
- Camshaft in the crankcase
- Single barrel carburetor
- Overhead valves
- Operated manually by hand crank
- Mounted on base
