

Product Name :
Gas Engine Model, 4-Stroke

Product Code :
TechnicalLab0275

Description :

Gas Engine Model, 4-Stroke

This product is a realistic cut-away training model of a 4 stroke gas engine featuring a sectioned carburetor and coil ignition, cooling system, distribution system, spark coil, and other key components. The model is operated manually by hand crank and incorporates a light bulb that illuminates during the combustion phase to simulate the ignition of the air/fuel mixture. It is mounted on a base.
