Description :

Hybrid Electric Vehicle Technology Instructor s Resource Guide

The Hybrid Electric Vehicle Technology Instructor s Resource Guide provides a wealth of tools for delivering high-quality instruction. The Instructor Resource Guide includes an Instructor Guide, Interactive Illustrations, Modifiable PowerPoint Presentations, Test Development Software, and Answer Keys for the Workbook, and Pretests and Posttests.

- * The Instructor s Guide includes material for developing a comprehensive lesson plan and effective presentations. Instructional tips and suggestions are provided for novice instructors.
- * The Interactive Illustrations included on the Resource Guide CD-ROM contain electronic files of all illustrations and photographs in the text.
- * The PowerPoint Presentations provide instructors with a foundation on which to build high-quality presentations. PowerPoint Presentations are modifiable using Microsoft PowerPoint, allowing an instructor to import the Interactive Illustrations and their own information, photographs, and illustrations.
- * The Test Development Software enables an instructor to create tests that meet the instructor s specific needs.
- * The Pretest and Posttest Exams are reproducible exams used to document entry- and exit-level skills.
- * The Answer Keys list the answers to questions presented in the Pretest, Posttest, Master Math Worksheets, and Workbook.
