

Product Name :
Inverter Trainer for Vocational College Trainers Teaching Labs

Product Code :
EVO-TR-13

Description :

Inverter Trainer Inverter Trainer The Inverter trainer is a versatile training System for Laboratories. It is designed such that all the basics of Inverter can be easily understood. This training system provides understanding about conversion of DC into AC by PWM Technique. Different blocks are explained like charging of battery, DC to AC conversion, AC mains sensing circuit, etc. NV6001 is also provided with fault switches to develop the troubleshooting practice

PWM Inverter Technology

Stand alone operation

Compact design

Self explained layout

Provided with Rechargeable battery

On board LED indication for mains, charging, inversion etc.

Insulated sleeves on test points for safety
