

Product Name :
Laboratory Sieve Shaker India

Product Code :
NG524

Description :

Laboratory Sieve Shaker India

Technical Specification :

- NEW: up to 99 sieving programs
- NEW: low noise operation thanks to optimized control
- Suitable for dry and wet sieving
- Excellent separation efficiency even with short sieving times
- Efficient electromagnetic drive
- 3-D throwing motion which ensures optimum use of the open sieve area and lets the sample move equally over the whole sieving surface
- Setting of sieve acceleration "g" for comparable and reproducible sieving results worldwide
- Sieve stack up to 620 mm height
- Free digital adjustment of all process parameters (time, amplitude or sieve acceleration, interval)
- Interval operation

- Fulfils all criteria for measuring equipment
- Calibration certificate
- Easy operation, ergonomic design
- Maintenance-free

Description:

- Application: Separation, fractioning, particle size determination
- Feed materials: Power, bulk materials
- Range of material size: 20 µm-25 mm
- Feed capacity:3 kg
- Mass of sieve stake: 4 Kg max.
- Amplitude: digital, 0.2 -3.0 mm
- Controlled amplitude: Yes
- Time display: digital, 1-99 min
- Interval operation: 10 s
- Sieving mode: Suitable for dry and wet sieving
- Suitable sieve diameters: 100mm, 150mm, 200mm, 203 mm (8")
- Dimension (Width x Height x Depth): 417x212x384 mm
- Net weight: 35 Kg ± 10%
- Power: 220- 240V, 50Hz
- Conformity: CE, ISO, ASTM or other relevant international standard
- Features:
 - Digital display of vibration height and time
 - Excellent separation efficiency even with short sieving times
 - Sieve adjustment of all process parameters (time, amplitude)
