

Product Name :
Lead Acetate Paper

Product Code :
NECHEMICAL-L70004

Description :

Lead Acetate Paper

Technical Specification :

Lead acetate paper ascertains the presence of hydrogen sulfide.

Hydrogen sulphide form while processing raw oil.

Low concentrations can be toxic hence the requirement to check at certain points of the process.

Sulphide containing solutions turn the paper from white to brown-black.

Thiols, thioketones or mercaptans do not provide a response to this paper.

Can also be used to determine levels of sulphide in drinking water, well water or groundwater.
