

Product Name :
Mechanical Power Train Demo Unit Trainer for engineering schools

Product Code :
AUTO-EN038

Description :

Mechanical Power Train Demo Unit Trainer, technical teaching equipment for engineering

This unit features a sectioned engine with manual transmission that is connected to an axle/drive system. The system is motorized and ideal for showing the operation of the engine, clutch system, transmission and rear axle. The method of power transmission from the engine to the wheels may be clearly seen. Gears can be shifted and the output observed on the rear or front axle drive wheels.
