

Product Name :
Microprocessor Spectrophotometer

Product Code :
NAAY-M18

Description :

Microprocessor Spectrophotometer - Economical, reliable, rugged and accurate instrument for spectrophotometric analysis of any concentration. They operate at a wavelength range of 340nm to 960nm. The output is available on a 16x2 line alphanumeric display in terms of Optical Density, Percentage Transmission and Concentration.

FEATURES :

Highly accurate & stable
Range 340 to 960nm
16x2 line backlit LCD display
Printer attachment facility
Storage for 100 samples
RS232C computer interface (optional)
Soft touch membrane keys
