

Product Name : Microwave Test Bench - E-Plane for Vocational Training and Didactic Labs	Product Code : MICRO-BH004
	
Description : E-Plane Microwave Test Bench - This Microwave Test Bench is precision-made microwave systems that use standard type rectangular wave-guide components to illustrate the essential elements of this field for study. These components are available with us in an affordable range and it is highly reliable. We manufacture and trade the high quality components. These components are used to do the experiments of a directional coupler, isolator, circulator and to study E-plane, H-plane & magic tees. Experiments Study of E-Plane, H-Plane & Magic Tees	

Directional Coupler, Isolator, Circulator
Study of Fixed and Variable Attenuators
