

**Product Name :**  
Pendulum Compound for Physics Lab

**Product Code :**  
PMCH-0046

**Description :**

This pendulum is used to investigate the relationship between the period of oscillation of a rigid bar pendulum and the distance of its suspension point from its centre of mass

**Technical Specification :**

. It comprises a steel rectangular bar 1 meter long, drilled at 50 mm intervals. A removable steel knife edge, mounted perpendicularly, a wall bracket is provided for suspension.
