

Product Name :
Photovoltaic Solar Energy Unit Trainer for engineering schools

Product Code :
PSO-001-NE

Description :

Photovoltaic Solar Energy Unit for the study of the transformation, technical teaching equipment for engineering of solar energy in electric energy.

Photovoltaic Solar Energy Unit uses the photo conversion solar system for the direct conversion of solar radiation into electricity. The absorbed energy is provided by simulated solar radiation; in our case, this is done by means of a panel with powerful light sources.
