

Product Name :
Power Project Board for Vocational Training and Didactic Labs

Product Code :
ETKN-0012

Description :

Equipment for Education, Engineering and Vocational Training - Bread Board Systems have been designed to provide instant circuit construction without soldering, on the bread board area.

Technical Specification :

In this bread board insert components directly and make all interconnections as required by you with 24 SWG(Gauge) solid wire. After few minutes you have got your design complete on this bread board. Your precious I.C.s are not damaged and are instantly reusable. No expensive special jumpers. Insert all components directly without any adapters i.e. I.C.s such as types 8, 14, 16, 20 or 40 pin DIP units, LSIs and all discrete components with lead diameter upto 0.56mm (24 SWG).

- * 2420 Breadboard Tie Points
- * 4 terminals (Binding Posts)
- * Fixed DC Power Supply
- * 5 V at 1 Amp

- * Variable Power Supply
- * ± 2 to 15 V at 500 mA
- * Operative on 230V $\pm 10\%$ at 50 Hz mains
- * Mains ON/OFF Power Switch with jewel light is provided
