

Product Name : Semiconductor Diode Characteristics for Vocational Training and Didactic Labs	Product Code : ETKN-0020
--	------------------------------------

Description :
Equipment for Education, Engineering and Vocational Training - Experimental Training Board has been designed specifically for plotting Characteristics of Ge & Si Semiconductor Diodes.
Technical Specification :
The board is absolutely self contained and requires no other apparatus. Practical experience on this board carries great educative value for Science and Engineering Students.
<p>OBJECT</p> <ul style="list-style-type: none"> * Study/ Plot Forward & Reverse Bias characteristics of (Ge & Si) semiconductor Diodes * Determine Static & Dynamic resistances of Forward Biased p-n junction of given diodes
