

Product Name :
Single Cylinder 4 Stroke Diesel Engine

Product Code :
TechnicalLab0488

Description :

Single Cylinder 4 Stroke Diesel Engine

This cut-away is a manually operated single-cylinder, 4-stroke diesel engine. The cut-away is attached to a sturdy table-stand and allows you to:

- Control, with precision, the speed of the engine with the use of a crank handle.
- Differentiate each of the parts, which have been carefully sectioned for training purposes.
- Educate about all separately painted mechanical segments, cross-sections, lubricating circuits, fuel system, cooling system, etc.
- Expect a longer life for the cut-away due to the many chromium plated and galvanized parts.

SPECIFICATIONS:

- Air cooling
- Approximately 10hp
- Mechanical speed governor
- Inline injection pump

- Direct injection
- Mounted on a table-stand
- Operated manually by hand crank
