

Product Name :
Solar Cell Characteristics for Vocational Training and Didactic Labs

Product Code :
ETKN-0023

Description :

Equipment for Education, Engineering and Vocational Training - Experimental Set-Up has been designed specifically to study the characteristics of a Solar Cell.

Technical Specification :

The set up consists of board with intensity controller, mounted solar cell, table lamp 100W and five different area choppers.

Study the following:

- * Illumination characteristics
- * Current voltage characteristics
- * Power-load characteristics
- * Areal characteristics
