

Product Name :
Starch Iodide Paper

Product Code :
NECHEMICAL-L70008

Description :

Starch Iodide Paper

Technical Specification :

These papers are specially prepared for the detection of iodine.

Free iodine, which is frequently encountered in qualitative analysis, reacts to turn the paper from white to a deep blue colour.

Iodine is a more traditional way of disinfecting utensils in the restaurant trade.

Tests for the disinfectant range of iodophor solutions.
