

Product Name :
Steering Box with Re-Circulating Ball System

Product Code :
TechnicalLab0330

Description :

Steering Box with Re-Circulating Ball System

This product is a cut-away of a steering box with re-circulating ball system. It is mounted on a base.

This cut-away is carefully sectioned for training purposes and professionally painted with different colors to differentiate the various parts and cross sections. Many parts have been chromium plated and galvanized for a longer life.
