

Product Name :

Turbo Diesel Engine With Clutch & Gearbox, Rear Wheel Drive

Product Code :

TechnicalLab0469

Description :

Turbo Diesel Engine With Clutch & Gearbox, Rear Wheel Drive

This product is a cut-away of a front-drive diesel engine with a clutch gearbox on a sturdy stand with wheels. This is a 4-stroke, 4-cylinder in-line configuration engine that will allow you to:

- Observe its electronically powered movement at a reduced speed for easy comprehension.
- Differentiate each of the parts, which have been carefully sectioned for training purposes.
- Educate about all separately painted mechanical segments, cross-sections, lubricating circuits, fuel system, cooling system, etc.
- Expect a longer life for the cut-away due to the many chromium plated and galvanized parts.

SPECIFICATIONS:

- 4 stroke engine; 4 In-line cylinders
- Displacement: 1,300/1,700 cc
- Indirect injection
- Turbocharged

- VE Bosch type rotary injection pump
- Overhead camshaft (OHC)
- Distribution through a toothed belt
- Alternator
- Thermostatic valve
- Gearbox: 4 forward speeds + reverse
- Single-plate clutch with diaphragm
- Water cooling
- Operates electrically at 120 volts
- Mounted on stand with wheels
