

Product Name :
Universal Vibration Apparatus for engineering schools

Product Code :
TML0010

Description :

Universal Vibration Apparatus for engineering schools

Technical Specification :

Universal Vibration Apparatus, technical teaching equipment for engineering

We are among the top most manufacturers, traders and exporters of optimum quality **Universal Vibration Apparatus**.

This apparatus is manufactured under the supervision of qualified professionals, using the best quality raw materials. Offered apparatus is useful to study various experiments and to verify the principles and relations pertaining to the study of vibrations.

Specification:

- Floor Space: 2.5 m x 2.5 m approx.
- Power Supply: 230V AC. 5 Amp with earth
