

Product Name :
Water Bath India

Product Code :
NG241

Description :

Water Bath India

Technical Specification :

- Heating Bath Type: Corrosion-proof large-area heating on three
- Setting Temperature Range: +10 to +95°C and boiling stage
- Working Temperature Range: Min. 5°C above ambient up to +95 °C with additional boiling mode
- Timer: Integrated digital timer from 1 min. to 99 hours for: ON continuous operation. wait (delayed on for continuous and limited timed operation) hold
- Temperature Sensor: 1Pt100 sensor class A in 4-wire-circuit
- Controller: digital display (LED) of set and actual temperature (0.1°C resolution) and of (remaining) program time
- Safety
- Temperature control mechanical temperature limiter TB protection class 1 switching the heating off at approx. 30°C above max. temperature of the bath
- Temperature control in case of overtemperature due to failure, the heating is switched off at approx. 10°C

above the set temperature (fixed value)

- Auto diagnostic system microprocessor PID-temperature controller with integrated auto diagnostic system with fault indicator
- Heating concept
- Heating Baths corrosion-proof large-area heating on three sides
- Language Setting: English
- Approximate Internal Dimension (Width x Height x Depth): 590x220x350 mm
- Internal and exterior casing material: Stainless steel
- Volume: 45L \pm 10%
- Liquid Level: Min. 177 mm, Max. 200mm
- Net Weight: 25 Kg \pm 10%
- Power: 220-240V, 50Hz
